

Both sides now – bar.

Bows and flows of angel hair and
And feather canyons everywhere, i've
But now they only block the sun,
So many things i would have done but

ice cream castles in the air
looked at clouds that way a-ay.
they rain and snow on ev'ry-one.
clouds got in my way a-ay

I've looked at clouds from both sides now,
From up and down, and still somehow
It's cloud illusions i recall.

I really don't know (J) clouds.. clouds

at all do do do do do do

Moons and junes and ferris wheels,
As ev'ry fairy tale comes real;
But now it's just another show
And if you care, don't let them know,

the dizzy dancing way you feel
i've looked at love that way a-ay.
you leave 'em laughing when you go
don't give yourself away a-ay.

I've looked at love from both sides now,
From give and take, and still somehow
It's love's illusions i recall.

I really don't know (J) love love

at all do do do do do do

~~Tears and fears and feeling proud to say "i love you" right out loud,
Dreams and schemes and circus crowds, i've looked at life that way.~~

Loo (4) loo (4) loo – loo

loo – loo

loo loo loo

loo – loo loo - but

... now old friends are acting strange,

they shake their heads, they say

I've changed. well

Something's lost but something's gained

in living every day a-ay.

I've looked at life from both sides now,
From win and lose, and still somehow
It's life's illusions i recall.

I really don't know life life

life

at all do do do do do doo.
