doooo do doooo
dooo dooo
dooo do dooo
dooo dooo

a man is placed upon the steps, a baby
cries
and high above you hear the church bells
start to ring---
ooh as the heaviness the heaviness
the body settles in
somewhere you can hear a mother sing

then it`s one foot then the other
as you step out on the road
how much weight, Oh how much weight
ooooooo

then it`s how long, and how far how
many times before it`s too late?
HOOOOOW long—before it`s too late

calling all aa-angels
calling all aa-angels
walk me through this one
don`t leave me alone
calling all a-ngels
calling all AAA-ngels

we`re tryin` and we`re hopin`
and we`re not sure ho-o-o-ow... Hooow....doo
dooo

and e-very day you gaze upon the sunset
with such love and intensity
oh and it`s almost as if
you could only crack the code
then you`d FI-nally understand what this all
means

oh but if you could do you think
oh that you would trade it in ---
all the pain and suffering, oooooo
ah, but then you`d miss the beauty
of the light upon this EARTH----
and the sweetness of the lea--ving

calling all aa-angels
calling all aa-angels
walk me through this one
don`t leave me alone
calling all a-ngels
calling all AAAngels
we`re tryin` and we`re hopin`
and we`re not sure why

calling all angels ooooo
walk me through this one
don`t leave me alone
callin` all a-ngels
callin` all AA-ngels
we`re tryin` and we`re hopin`
we`re hurtin` we`re lovin`
we`re cryin` and we`re callin`
and we`re not- sure- ho-o-o-ow this goes

dooo dooo doooooooo
dooo dooo oooooooo
